

I would like to see Sinclair Broadcasting Group stop using public airwaves to further its political agenda.

More specifically, I would like to see SBG stop broadcasting in North Carolina altogether. Please refuse to license this offensive abuse of public property.

Most offensive was SBG's boycott last April of a reading of the names of American soldiers killed in Iraq. These men and women are dying for us, and a media company has the gall to call recognizing them "politically motivated"?

Nor am I in favor of the recent media deregulations that allow one company to own 62 television stations. Sinclair's actions show why we need to strengthen media ownership rules, not weaken them.

The license renewal process should solicit public comment on these companies and their responsible or irresponsible use of the airwaves.

Thank you for your time.
